

## The Saving Place – New Leaf Resources

*by a Saved Soul*

Through New Leaf Resources doors we came,  
Young, old, rich and poor all in need.

We came broken, lost, hopeless, addicted, confused, abused, and depressed,  
Our lives were full of loses, failures and regrets.

We are in darkness and turmoil with no release  
For all our fear and sorrow there is no peace.

In dark times, we just don't care,  
We lack faith and hope and life is too difficult to bear.

When having problems, we are told the best thing you can do,  
Is find someone who can help you.

Someone to show us how not to give up in times of trials and we're full of despair and fear  
New Leaf tells us they are here and help is near.

Our hearts are heavy when we enter their door,  
But they tell us they'll give us help and more.

Whatever our confusion or plight,  
They can help make things right.

For your words were true,  
It showed in what you do.

You gave care and a listening ear,  
And helped us through shedding a tear.

In times of strife,  
You helped us believe in life.

You offered a helping hand  
And showed you understand.

You helped relieve the pain and brought a smile  
This helped us believe life is worthwhile.

Drying our tears, easing the pain and offering a prayer  
You tell us trust in God with every care.

Healing others with words so kind,  
That helps calm worries of a troubled mind.

New Leaf showed us how to greet each morning and get on the way,  
As you helped make today, better than yesterday.

As we go out the door  
We have a reason for living and much more.

No matter what the future may be,  
I will remember what you taught me.
